the event

The International Congress of Shock Operations, held in December 2018 in the city of Florianópolis, has placed Santa Catarina on the route of major events on public security.

For three days, the largest and most modern Event Center in the city, the Luiz Henrique da Silveira Governor, located in Balneário de Canasvieiras, in the North of the Island, has become a temple of innovation in the defense of the citizen and the public patrimony and private property.

the event

Agents from all states of the Federation and from other countries could exchange knowledge and have contact with what is the newest and most efficient available in the market.

The success achieved is the challenge of making it even better this year. A more comprehensive, inclusive, dynamic, informative, technological event that gets the law-abiding citizen closer to those who protect him in the day-to-day.

In March 2020, Public Security will be debated in open field with society at the International Congress of Police Operations - CPO INTERNATIONAL 2019.

FLORIANÓPOLIS

Capital City of Santa Catarina

the city

Florianópolis, the capital of Santa Catarina, will be the scene of the International Congress of Police Operations. CPO 2019.

Recognized nationally for its natural beauties and its thriving technological center, the city has been one of the main destinations for events.

According to the ranking of the International Congress and Convention Association (ICCA), the Island of Santa Catarina goes side by side with São Paulo and Rio de Janeiro in holding international congresses.

Low crime rates, police self-efficacy, excellent hotel and gastronomic infrastructure and extensive and sophisticated event centers are some of the attractions that make the city a fertile ground for the dissemination of knowledge in different areas.

📍 the venue

*Opened in 2015, the **Governador Luiz Henrique da Silveira Event Center** has a privileged infrastructure for national and international events.*

A few meters from the Canasvieiras resort along the SC-401 highway, the complex has a main auditorium for 3,000 people, a space of 5,200 m² for fairs and a capacity for 106 stands with a 23 m² average.

The public also has the convenience of a large parking lot, with capacity for 700 cars, as well as a food court and industrial kitchen.

It is an ideal space to make the congress participants of an event the size of CIOP as comfortable as possible.

the congress

The event aims to highlight the police activity, in different spheres, addressing relevant Public Security issues.

National and foreign speakers will share lessons, strategies and legal aspects that permeate the daily lives of those whose mission is to maintain order and enforce the Law.

Between panels, the public will have contact with the most modern in citizen's and property defense in a fair with the main companies of the sector. It will be, above all, an event that will not only bring civil society and police activity close together, but also an opportunity for Public Security professionals to improve.
